JOS. M. WILSON, Civil Engineer & Archt.

FRED. G. THORN, Architect.

HENRY W. WILSON, Civil Engineer.

CHARLES G. DARRACH, Civil & Hydraulic Engineer.

HENRY A. MACOMB, Architect.

Sept. 22nd, 1887.

~~CHICAGO OFFICE, 248 STATE ST.~~

Hon. Daniel M. Fox,

Supt., U. S. Mint.

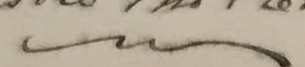

Dear Sir:

Yours dated Sept. 20th, has been received, and in answer we would say, that the apparent balance to the item of Steam Plant, will be entirely used up. It is impossible for us at the present time to give you the exact figures, as that can only be done when we have made a final estimate for Mr. McCaul.

The understanding all along, has been, that the payment for the belts mentioned should be made from the contingent fund. However, as there seems to be an understanding that the payment for these belts shall be made from the Steam Plant appropriation, provided there is a balance sufficient for the purpose, it might be well to hold the bill until all payments contemplated from the Steam Plant appropriation shall have been made.

If possible, our Mr. Darrach will call upon you to-morrow morning.

Very respectfully,

Wilson Bros & Co.
